

Homeless Students

Carbon County School District One is dedicated to providing a free and appropriate education to all students. Homeless students are no exception. If any individual knows of homeless students that need education services, contact the Carbon County School District One Homeless Students Liaison, Patty Bonnette at 307-328-9200.

Displaced/Homeless Students Defined:

McKinney Vento states that any person who lacks a fixed, regular, and adequate nighttime residence is homeless. While the law mandates the criteria of fixed, regular, and adequate to assess housing, it also provides several examples of homelessness. Sharing the housing of others due to loss of housing, economic hardship, or a similar reason is the most common form of homelessness.
